Budget

Budget for the Financial Year Ending 30th June 2024

This plan contains information relating to the annual budget for the Council for the 2023/2024 financial year. The Council is required to prepare an Annual Budget in compliance with part 10.5 of the Local Government Act(2019). This budget specifies the Council's financial projections for providing services to the communities it serves.

The Council anticipates generating a total operating income of \$ 13.7 million during the financial year that ends on June 30, 2024. This income also includes the carried forward grants of 3.4 Million This income includes several sources, such as \$3.3 million generated from rates and statutory charges, \$1.4 million from fees and charges, grant income of \$8.2 million, interest income of approximately \$150K, and other income of \$980k.

The Tiwi Islands Regional Council is highly dependent on grant funding to cover its operational and capital expenditure. Approximately 25% of total income is provided through untied grants and a further 36% through tied grants.

The Council endeavours to provide definitive grant revenue and expenditure forecasts (as opposed to estimates) for the 2023/24 and future financial years; however this may not be accurate due to some uncertainty as to the future programs which will be funded and the quantum.

The Council anticipates operating expenses of \$18.9 million, which include several categories of expenditure. Contracts and materials make up the largest portion, amounting to \$8.05 million. Employment expenses follow at \$6.6 million. Additionally, communication expenses make up \$622k. Depreciation, amortization, and impairment expenses come in at \$1.8 million, and other expenses round out the total at \$1.7 million.

A more detailed account of the Council's estimated income and expenditure is provided on the following pages.

Council has adopted a stance that ALL functions should meet an equitable share of the costs of the services that Council's infrastructure provides to enable their continued operation. In particular this means internal cost recovery (where possible) reflected in individual program budgets.

Staff housing

A fixed annual cost for staff housed by Council, charged according to the nature of the dwelling (1, 2 or 3 bedroom rates).

Motor vehicles

All budgeted for as part of fleet operations but charged according to functional use at rates that reflect daily, weekly, monthly or permanent assignment to any program or function. Where any program has been funded for the capital cost of such vehicles the cost is reduced to only cover running and service costs.

Grant administration fees

These are charged in accordance with the individual grant agreements.

A fixed annual cost for ICT equipment and services charged according to services provided.

Council objectives

The Tiwi Islands Regional Council Strategic Plan sets out our goals and objectives. These goals are set out under the Strategic Plan section of this document along with Council objectives. The service delivery plans outline the indicators that Council will use to measure the success of each program in contributing to our objectives. The objectives will also be used by managers to develop work and operational plans for each program area.

Miscellaneous services

These are charged at Council's declared rates between functions, for example trades services provided to any other part of Council or machinery hire between functions.

This budget also reflects a greater emphasis on cost recovery for services provided by Council to external parties and strives to avoid subsidisation of non-core services such as inter island transport.

Rates and charges for 2023/24

Rate increases will be 5% for all properties for this financial year, raising our rates levy to \$2,401,671.

Relevant interest rate

The Council fixes the relevant interest rate for the late payment of rates and charges in accordance with Section 162 of the Act at a rate of 18% per annum which is to be calculated on a daily basis.

Payment

The Council determines the rates and charges of this declaration must be paid within 28 days of the issue of a rates notice under section 159 of the Act.

Payments falling due on a weekend or public holiday may be paid by the following business day without incurring any penalty.

Alternatively ratepayers may opt for payments monthly or quarterly. To do so they must seek the written agreement of the Council CEO. However, where such an option is exercised if payment is not received by the end of the relevant month or quarter, it will constitute a default and the full balance of the annual amount will become payable and recoverable immediately.

A ratepayer who fails to pay the rates and charges notified under the relevant rates notice under section 159 of the Act may be sued for recovery of the principle amount of the rates and charges, late payment penalties and costs reasonably incurred by Council in recovering or attempting to recover the rates and charges.

Socio economic impact of rates

Council assessed the socio economic impact on residents and local businesses when deliberating on residential and business rates.

TIRC recognises the circumstances of Tiwi home owners and accordingly continues to allow concessions on their amount payable. This continued commitment to supporting Tiwi people demonstrates strong principles of social justice and creates opportunities for funds to enter into the local economy.

Council also has provisions in place for all ratepayers to be able to apply for and make periodic payments towards their rates and charges payable. This approach enables residents, of all socio economic backgrounds, to make payments according to a fair and equitable timeframe.

Long Term Financial Plan

TIRC faces challenges in our long term financial planning as we depend on a variety of grants to deliver essential services and continue operations. Long term arrangements with these grant providers, largely the Commonwealth Government and the Northern Territory Government, are essential to creating a sustainable fiscal operational platform for TIRC.

TIRC's current financial position does not have untied funds available for significant new initiatives. With these circumstances in mind any new major community initiatives would be entirely reliant upon the provision of additional special purpose grant funding.

Over the period of the long term financial plan it is anticipated that the repairs, maintenance, management and development of infrastructure continue at the same level as outlined in the plan with adjustment for inflation. TIRC will continue to apply for additional funding to rectify identified deficiencies in infrastructure.

Budget Assumptions:

- All current core services will continue to be provided by the Council.
- Due to the small ratepayer base, the council heavily relies on grants from the territorial and commonwealth governments
- It is anticipated that the repairs, maintenance, management, and development of
 infrastructure will continue at the same level as outlined in the budget. TIRC will also
 continue to apply for additional funding to rectify identified deficiencies in infrastructure.
- At present, there are no major initiatives planned beyond the activities identified in the Regional Plan and Budget. TIRC's current financial position does not allow for untied funds to be allocated towards significant new initiatives. Therefore, any new major community initiatives would be heavily reliant upon the provision of additional special purpose grant funding.
- An annual increase of 2% in the Consumer Price Index (CPI) has been assumed.

Rates Declaration for 2023/2024

Notice is hereby given pursuant to Section 241 of the *Local Government Act 2019*, that the following rates and charges were declared by Tiwi Islands Regional Council at the Ordinary Meeting held on 28 June 2024, pursuant to Chapter 11 of the *Local Government Act 2019* in respect of the financial year ending 30 June 2024.

Rates

Tiwi Islands Regional Council ('the Council') makes the following declaration of rates pursuant to Chapter 11 of the *Local Government Act 2019* ('the **Act'**).

- 1. Pursuant to Section 227 of the Act, the Council adopts the Unimproved Capital Value as the basis for determining the Assessed Value of allotments within the Council area.
- 2. The Council, pursuant to Section 237 of the Act, declares that it intends to raise, for general purposes by way of rates, the amount of \$2,621,148 which will be raised by the application of:
 - (a) differential fixed charges; and
 - (b) differential valuation-based charges with differential minimum charges being payable in the application of those differential valuation-based charges.
- 3. The Council hereby declares the following rates:
 - (a) With respect to each class of allotment of rateable land within the Council area that is used or occupied for Residential Purposes and where there is an Unimproved Capital Value assessed for the allotment, a valuation-based charge being 8.17% of the assessed value of the allotment with a minimum amount being payable in the application of that charge being \$2,448.89 multiplied by the greater of:
 - (i) the number of separate parts or units that are adapted for separate occupation or use (as described in section 226(5) of the Act) on each allotment; and
 - (ii) the number 1.
 - (b) With respect to each class of allotment of rateable land within the Council area that is used or occupied for a Commercial Land Use and where there is an Unimproved Capital Value assessed for the allotment, (excluding pastoral leases and mining tenements), a valuation-based charge being 4.31% of the assessed value of the allotment with a minimum amount being payable in the application of that charge being \$2,367.98 multiplied by the greater of:
 - (i) the number of separate parts or units that are adapted for separate occupation or use (as described in section 226(5) of the Act) on each allotment; and
 - (ii) the number 1.
 - (c) With respect to each class of allotment of rateable land within the Council area that is Vacant Land **and** where there is an Unimproved Capital Value assessed for the allotment, a valuation-based charge being 8.17% of the assessed value of the allotment with a minimum amount being payable in the application of that charge being \$2,448.89.

- (d) With respect to each class of allotment of rateable land within the Council area that is used or occupied for **Residential Purposes**, where there is no Unimproved Capital Value assessed for the allotment, a fixed charge of \$2.448.89.
- (e) With respect to each class of allotment of rateable land within the Council area that is used or occupied for **Commercial Land Use** (excluding pastoral leases and mining tenements), where there is no Unimproved Capital Value assessed for the allotment a fixed charge of \$2,367.98.
- (f) With respect to each class of allotment of rateable land within the Council that is **Vacant Land**, where there is no Unimproved Capital Value assessed for the allotment a fixed charge of \$2,448.89.
- (g) With respect to each allotment of rateable land which is a **Mining Tenement** as defined in the Act, a rate of 0.006427 of the assessed value of the allotment with the minimum amount payable in the application of that differential rate being \$1,647.93 and on the basis that.
 - (i) contiguous tenements or reasonably adjacent tenements held by the same person are to be rated as if they were a single tenement.
 - (ii) if the owner of the mining tenement is also the owner of another interest in the land (the **other interest**) then:
 - 1. If the rate calculated in accordance with this paragraph (g) is less than or equal to the rate payable for the other interest no rate is payable for the mining tenement; or
 - 2. If the rate is calculated in accordance with this paragraph (g) (amount A) is greater than the rate payable for the other interest (amount B) the rate payable for the mining tenement is the difference between amount A and amount B.

- (ii) It is the opinion of Council that such purpose is and will be of special benefit to those allotments;
- (iii) A charge of \$846.27 per annum per allotment of commercial land will apply.

Relevant interest rate

5. The relevant interest for the late payment of rates and charges is fixed in accordance with Section 245 of the Act at the rate of 18% per annum and is to be calculated on a daily basis.

Payment

6. The Council determines that the rates and charges declared under this declaration must be paid within 28 days of the issue of rate notice under Section 242 of the Act.

Payments falling due on a weekend or public holiday may be paid by the following business day without incurring late payment interest.

A ratepayer who fails to pay their rates and charges notified under the relevant rates notice under Section 242 of the Act may be sued for recovery of the principal amount of the rates and charges, late payment penalties, and costs reasonably incurred by the Council in recovering or attempting to recover the rates and charges.

Optional Services

- 7. In accordance with section 289 of the Act, Council resolves to impose the following fees for the following optional services:
 - (a) a fee of \$216.23 per annum for each additional weekly garbage collection through the use of more than one (1) council specified garbage bin approved by Council in response to a written request from a person liable to pay a charge in respect of a residential dwelling referred to in paragraph 4(b)(i),
 - (b) a fee of \$278.58 per annum for each additional weekly garbage collection through the use of more than one (1) council specified garbage bin approved by Council in response to a written request from a person liable to pay a charge in respect of an allotment of commercial land referred to in paragraph 4(d)(i).
